One thing you may want to touch on the fact that median maintenance by the city has been canceled for fiscal year 10-11 (that's the letter I sent over last week).

I don't want us to get over optimistic either, bc the city has no money...that's one of the reasons why we are in this situation. But a cheaper contract can save money...that's the angle we want to take

Nate - Your letter will be delivered the 1st work day of next week. I'll get it signed this weekend. Let me know if you have any comments as well.
